

IBTA SC09 Speaker Presentation Abstract

Paul Grun, System Fabric Works

Title: Chief Scientist

Presentation: InfiniBand Technology: Here Today, Growing Tomorrow

After ten years in the market place, one might think that RDMA technology had run its course. Hardly! Beginning with a brief historical context, this session touches on some of the interesting ways in which InfiniBand technology is being applied today and concludes with a glimpse into one possible avenue for advancing the state of the art into the future.
